

Move as freely as a scuba diver in the water.

Are you still dragging your vacuum cleaner behind you?

Become as agile as a scuba diver when you strap on the Wetrok Scuba!

Wetrok Scuba backpack vacuum cleaner

wetrok®

Treat yourself to freedom of movement while vacuuming!

Cleaning is faster and more comfortable with the Wetrok Scuba backpack vacuum cleaner. It is especially suitable for those smaller spaces such as staircases or lifts, as well as cumbersome, narrow and intricately sectioned rooms such as offices or cinema halls. The Wetrok Scuba is lightweight and delivers a big performance for cleaning professionals. The machine vacuums very powerfully and the dust-bag has a robust capacity. Reduce your effort and dive into a new world of ease and cleanliness.

Expendable parts

Item no. 42.450 Scuba dust-bag, 10 pcs.

Scuba Docking-Station

Item no. 40.454 Docking-Station

The Scuba docking-station can be hung on the wall, offering a practical and space-efficient way to store the backpack vacuum. As well, it provides an easy way to put the Scuba away or take it out, resulting in better ergonomics without any uncomfortable bending over.
